2、 Summary of Year 2020 business plan

2.1. Operating strategy:

The Company continues its deep commitment to the copper clad laminate (CCL) industry and upholds the core values of innovation, teamwork, cooperation, and sharing. It is firmly dedicated to providing high-performance products and places high emphasis on excellent collaboration with customers, suppliers, employees, and shareholders. We provide visionary global supply chain solutions that encompass the process from the creation of samples to the adoption of new products and mass production. We aim to achieve high-standard management centered around the concepts of quality, speed, cost, and service and strive to satisfy market and customer demands in the fields of products and technologies with the ultimate goal of maximizing corporate values.

2.2. Expected Sales Volume and Its Basis:

To respond to the post-pandemic time, governments everywhere are printing money and launching various aggressive stimulus plans. Meanwhile, prosperity in electric car and 5G applications has led to continuous introduction of innovation technology applications. Furthermore, consumption demands accumulated because of the pandemic have started to release but raw material supply did not expand because of suppression during the pandemic period. As a result, under the expectation that coronavirus pandemic shall recede after the beginning of a comprehensive vaccination, an imbalance between demand and supply has emerged. Shortage of raw materials as well as skyrocketing prices will be the themes for market in 2021. In the meantime, under the revolutionary guidance from various innovative applications, product application technologies will also have a full-scale explosion. This will be a major test to substrate product technology!

Based on a balanced development strategy characterized by a firm foothold in Asia and global deployment, customers are distributed evenly and strides have been made in the development of special materials. A constant increase in the field of certifications and order volume is expected to lead to continued growth in the area of production and marketing. The business philosophy of the Company mainly focuses on products with high profit margins (e.g., aluminum substrate, PI products, and diversified products in small quantities for US and European markets) rather than the pursuit of high output growth. Due to the constantly increasing aluminum substrate output and the launch of a whole series of 5G products, a balanced expansion of application areas and order volumes has been achieved.

2.3. Significant production and sales policies:

Under the circumstances of gradual mitigation on the pandemic, global competition relationship due to change of U.S. president after election, various countries' extensive launching of economy stimulus plans, shortage of raw material supply and skyrocketing prices, the Company has established responding strategies as follows:

(1) Marketing strategy:

- (A) Continued focus on products that require a high level of trust and certification and enhancement of product mixes and customer structure to increase profitability and alleviate competitive pressures.
- (B) Active development of new markets such as packaging materials testing, 5G, self-driving systems, and e-vehicles and new customers to spread out risks.
- (C) Establishment of long-term partnerships with customers and suppliers to effectively control the supply of raw materials.

(2) Manufacturing policy:

- (A) Implementation of a policy of constant quality enhancements and increased investments in automated and smart manufacturing with the goal of cost reduction
- (B) Constant enhancement of teamwork, efficiency, and productivity of employees.
- (C) Commitment to the development of unique equipment through utilization of special materials with a view to maximizing the competitive advantage of the company in the capability to manufacture such products.

3、 Future corporate development strategy:

3.1. Marketing strategy:

- (1) Formation of strategic alliances with key clients to stabilize revenue sources and enhance competitiveness.
- (2) Establishment of diversified marketing channels for new products to spread risks and maximize profits.

3.2. Manufacturing policy:

- (1) Cooperation with international manufacturers to raise technology standards.
- (2) Reliability in the field of constant R&D efforts, product improvements, and testing, accuracy in the field of production equipment improvements, and creation of the extraordinary
- (3) Continued commitment to equipment automation, cost reduction, and efficiency enhancement.

3.3. R&D strategy:

- (1) In response to the imminent adoption of 5G and AI and gradual maturing of technologies required for smart applications for living spheres, the Company continues to develop high-end materials with high frequency and high speed characteristics.
- (2) Constant development of eco-friendly thermal interface materials in response to the rising power demands of energy-efficient lighting.
- (3) Development of new semiconductor substrates and packaging materials to satisfy the functional requirements of IC packaging with high density and integration characteristics as the main focus of future growth.

3.4. Financial strategy:

- (1) Acquisition of cheaper funding through full utilization of all financing tools available on capital markets as financial resources for Company operations.
- (2) Sound utilization of financial management tools to enhance capital utilization efficiency and create added value.

4、 Impacts from External Competition, Laws and Regulations, and Macroeconomic Factors

Countries around the world adopted pandemic-prevention quarantine measures since the eruption of coronavirus in 2020. This has caused suspension of production for both domestic and offshore factories. Together with influences from U.S.-China trade war and other factors, economies around the world have been impacted severely. Being in such a rigorous situation, the Company needs to continuously provide products with price competitiveness, aggressively stay close to customers and understand their needs and offer high-quality products and sales services to customers. Additionally, the company also needs to focus on growth in the fields of military, aerospace, defense medical, industry and automotive cooling. Looking into the year of 2021, in addition to influence from macroeconomic uncertain factors, Ventec International is more focused on its niche of products with high profit margin. After optimization of product portfolio, future growth for special materials such as heat dissipating substrate can be expected due to beginning of mass production for electric cars as well as infiltration into Japanese car light market. In terms of applications of autonomous driving, radar, 5G antenna and MINI LED, the Company aggressively establishes its plans on ultra-high frequency products and backlight panel technologies for the preparation of new markets to come.

In addition to its compliance with related regulations and requirements, the Company also pays attention to related circumstances of changes in domestic and offshore critical policies and laws from time to time, and plans responding measures accordingly in real time for the purpose of meeting the Company's operation needs. Consequently, changes in domestic or offshore critical policy or regulations do not constitute major impact to the Company's finance business.

Sincerely,

Chairman: Lao, Kai-Lu
General Manager: Chung, Chien-Jen
Chief Financial Officer: Tu, Jennifer

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Ventec International Group Co., Ltd.

Opinion

We have audited the accompanying consolidated financial statements of Ventec International Group Co., Ltd. (the "Company") and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2020 and 2019, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2020 and 2019, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audit of the consolidated financial statements for the year ended December 31, 2020 in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. We conducted our audit of the consolidated financial statements for the year ended December 31, 2019 in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants, Rule No. 1090360805 issued by the Financial Supervisory Commission of the Republic of China on February 25, 2020, and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters of the Group's consolidated financial statements for the year ended December 31, 2020 are stated as follows:

Validity of Specific Revenue

The amount of revenue derived from partial customers was NT\$1,225,684 thousand, representing 25% of total revenue of the Group for the year ended December 31, 2020. Since the amount of revenue derived from specific customers has increased significantly compared to last year, the validity of the revenue derived from specific customers was identified as a key audit matter.

Refer to Note 4 to the Group's consolidated financial statements for the accounting policy of revenue recognition.

The main audit procedures performed for validity of specific revenue were as follows:

1. We understood and tested the internal control design and operating effectiveness of the validity of revenue derived from specific customers.
2. We sample tested the transaction documents related to revenue derived from specific customers, including sales order, shipping, and receipt documents.
3. We sample tested the payee, payment terms and the time of receipt of payment related to revenue derived from specific customers to verify the validity of revenue.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the audit committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2020 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Chun-Hung Chen and Ming-Yen Chien.

In addition, before 15 days before the date of the shareholders meeting, this Corporation shall also have prepared the shareholders meeting agenda and supplemental meeting materials and made them available for review by shareholders at any time. The meeting agenda and supplemental materials shall also be displayed at this Corporation and the professional shareholder services agent designated thereby as well as being distributed on-site at the meeting place.

The reasons for convening a shareholders meeting shall be specified in the meeting notice and public announcement. With the consent of the addressee, the meeting notice may be given in electronic form.

Election or dismissal of directors or supervisors, amendments to the articles of incorporation, any capital reduction or compulsory purchase and cancellation of Shares pursuant to Paragraph 1 of Article 24, applying for the approval of ceasing the status as a public company; director's non-competition obligation、surplus to increase capital、earnings to increase

capital, the dissolution, merger, or demerger of the corporation, or any matter under Article 185, paragraph 1 of the Company Act, shall be set out in the notice of the reasons for convening the shareholders meeting. None of the above matters may be raised by an extraordinary motion.

The major contents may be posted on the website designated by the R.O.C. competent authorities or the Company, and such website shall be indicated in the notice.

Where re-election of all directors and supervisors as well as their inauguration date is stated in the notice of the reasons for convening the shareholders meeting, after the completion of the re-election in said meeting such inauguration date may not be altered by any extraordinary motion or otherwise in the same meeting.

A shareholder holding 1 percent or more of the total number of issued shares may submit to this Corporation a written proposal or by way of electronic transmission for discussion at a regular shareholders meeting. Such proposals, however, are limited to one item only, and no proposal containing more than one item will be included in the meeting agenda.

In addition, when the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder. If a proposal submitted by Member(s) is intended to urge the Company to promote public interests or fulfill its social responsibilities, the Board may include the proposal not with standing that one of the circumstances set forth in the preceding Paragraph.

Prior to the book closure date before a regular shareholders meeting is held, this Corporation shall publicly announce its acceptance of shareholder proposals in writing or electronically, and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the regular shareholders meeting and take part in discussion of the proposal.

Prior to the date for issuance of notice of a shareholders meeting, this Corporation shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this article. At the shareholders meeting the board of directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

Article 4

For each shareholders meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by this Corporation and stating the scope of the proxy's authorization.

A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders meeting, and shall deliver the proxy form to this Corporation before 5 days before the date of the shareholders meeting. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment.

After a proxy form has been delivered to this Corporation, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to this Corporation before 2 business days before the meeting date. If the cancellation notice is submitted after that time,

votes cast at the meeting by the proxy shall prevail.

Article 5

(Principles determining the time and place of a shareholders meeting)

The venue for a shareholders meeting shall be the premises of this Corporation, or a place easily accessible to shareholders and suitable for a shareholders meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the independent directors with respect to the place and time of the meeting.

Article 6

(Preparation of documents such as the attendance book)

This Corporation shall specify in its shareholders meeting notices the time during which shareholder attendance registrations will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations.

Shareholders and their proxies (collectively, "shareholders") shall attend shareholders meetings based on attendance cards, sign-in cards, or other certificates of attendance. This Corporation may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification.

This Corporation shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

This Corporation shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of directors or supervisors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders meeting. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.

Article 7

(The chair and non-voting participants of a shareholders meeting)

If a Shareholders' meeting is convened by the board of directors, the meeting shall be chaired by the chairperson of the board. When the chairperson of the board is on leave or for any reason unable to exercise the powers of the chairperson, the vice chairperson shall act in place of the chairperson; if there is no vice chairperson or the vice chairperson also is on leave or for any reason unable to exercise the powers of the vice chairperson, the chairperson shall appoint one of the managing directors to act as chair, or, if there are no managing directors, one of the directors shall be appointed to act as chair. Where the chairperson does not make such a designation, the managing directors or the directors shall select from among themselves one person to serve as chair.

When a managing director or a director serves as chair, as referred to in the preceding

paragraph, the managing director or director shall be one who has held that position for six months or more and who understands the financial and business conditions of the company. The same shall be true for a representative of a juristic person director that serves as chair.

It is advisable that shareholders meetings convened by the board of directors be chaired by the chairperson of the board in person and attended by a majority of the directors, at least one supervisor in person, and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes.

If a Shareholders' meeting is convened by a party with power to convene but other than the board of directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

This Corporation may appoint its attorneys, certified public accountants, or related persons retained by it to attend a Shareholders' meeting in a non-voting capacity.

Article 8

(Documentation of a shareholders meeting by audio or video)

This Corporation, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Article 9

Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than 1 hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned.

Article 10

(Discussion of proposals)

If a shareholders meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. Votes shall be cast on each separate proposal in the agenda (including extraordinary motions and amendments to the original proposals set out in the agenda). The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the board of directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the board of directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed and call for a vote, and schedule sufficient time for voting.

Article 11

(Shareholder speech)

Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor; the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

Article 12

(Calculation of voting shares and recusal system)

Voting at a shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of shareholders meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of this Corporation, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending

shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3 percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.

When this Corporation holds a shareholders meeting, it may allow the shareholders to exercise voting rights by correspondence or electronic means (in accordance with the proviso of Article 177-1 of the Company Act regarding companies that shall adopt electronic voting: When this Corporation holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence). When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that this Corporation avoid the submission of extraordinary motions and amendments to original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to this Corporation before 2 days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to this Corporation, by the same means by which the voting rights were exercised, before 2 business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in this Corporation's articles of incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in

which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of this Corporation.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

Article 14

(Election of directors and supervisors)

The election of directors or supervisors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by this Corporation, and the voting results shall be announced on-site immediately, including the names of those elected as directors and supervisors and the numbers of votes with which they were elected. The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15

Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

This Corporation may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors or supervisors. The minutes shall be retained for the duration of the existence of this Corporation.

Article 16

(Public disclosure)

On the day of a shareholders meeting, this Corporation shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation and the number of shares represented by proxies, and shall make an express disclosure of the same at the place of the shareholders meeting.

If matters put to a resolution at a shareholders meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation (or GreTai Securities Market) regulations, this Corporation shall upload the content of such resolution

to the MOPS within the prescribed time period.

Article 17

(Maintaining order at the meeting place)

Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.

The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

At the place of a shareholders meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by this Corporation, the chair may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18

(Recess and resumption of a shareholders meeting)

When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders meeting to defer or resume the meeting within 5 days in accordance with Article 182 of the Company Act.

Article 19

These Rules, and any amendments hereto, shall be implemented after adoption by shareholders meeting
