II. Summary of 2024 Business Plan

1. Business policy:

The Company continues to deepen its roots in copper clad laminate (CCL) related industries, adhering to the corporate values of "innovation, division of labor, cooperation, and sharing." We focus on providing high-performance products, and insist on good collaboration with customers, suppliers, employees, and shareholders. With the vision of providing global supply chain solutions from prototyping to mass production, we achieve high-standard management based on "quality, speed, cost, and service," and continue to meet the product or technology requirements of the market and customers through innovation in formulas and coating processes, with the mission to create greater corporate value.

2. Expected production and sales situation:

The Company is based in Asia and has a balanced global development strategy. The sources of purchase orders are relatively balanced, and the Company has been successful in developing special materials. With the continued increase in certifications and purchase orders, the Company's production and sales will continue to grow. The Company's business philosophy does not focus on pursuing high growth in overall shipment volume, but rather concentrates its resources in high-margin products, including aluminum substrates, military and aerospace products, high-frequency and high-speed, substrates, and packaging and testing products, as well as diverse products produced in small volumes for Europe and the United States. In response to the continued growth in shipments of aluminum substrates and military and aerospace products, and the recognition of semiconductors and high-end ultra-multi-layer high-frequency products, sources of purchase orders will expand in a more balanced manner.

3. Important production and sales strategies:

- (1) Continue to intervene in products that require high reliability and certification, and improve the product and customer structure to increase profits and reduce competitive pressure.

- (2) Dedicate efforts to the development of unique equipment for the production of special materials, increase the difference in manufacturing capabilities with competitors in such products, and actively develop new markets, such as packaging and testing materials, autonomous driving, electric vehicles, and new customers, in order to diversify risks.
- (3) Increase the development and introduction of new raw materials, and control key technologies needed by customers, so as to expand core products and long-term customer relationships.
- (4) Diversify the development of product application fields, and engage in product innovation, including the insulation protection of various passive components and ground breaking development of new products for public welfare, allowing the Company's development become more balanced and making opportunities and profits more stable.
- (5) Continue to improve the quality policy, increase investment in automation and smart manufacturing, and reduce costs. Continue to improve the efficiency and productivity of teamwork, and stabilize the special production mode of large variety in small quantities.

III. Future Development Strategy

The Company will continue to pay attention to the application needs of various markets. Besides continuing to expand materials for high-end automotive headlights, which the Company has dedicated years of effort in, the Company is also actively expanding certification projects such as non-lighting cooling applications and ultra-high frequency radar applications, and continues to make progress in other fields of application. We will form strategic alliances with major customers to stabilize business sources, enhance competitiveness, and establish marketing channels for a wide range of new products to diversify risks, hoping to increase overall market share and create better profits.

IV. The impact of competitors, environmental regulations, and macroeconomic environment

Looking forward to 2024, many uncertain factors such as continued geopolitical interference, the Red Sea crisis, and inflationary pressures will cause market volatility and a more severe competitive environment. The global political and economic environment will still be full of challenges and changes. Facing such an environment, with the long-term development goal unchanged, we will continue to invest in the R&D of various products, and with innovative technologies at the core, we will focus on the development of special material applications in autonomous driving, non-lighting cooling applications and high-end semiconductor testing, wearable devices, military and aerospace products, and low-orbit satellites. We also proposed cooling materials for green energy and new energy vehicles. Recently, we have developed a series of pure resin coating products, which have been recognized for applications in the military, semiconductors, high-end ultra-multi-layer high-frequency, cooling, and thin passive components.

The Company has always focused on the unique development model and global strategy for a wide variety of products produced in small quantities and special materials, which will form a different market segment from our peers and make us irreplaceable, creating more profits and market opportunities.

Besides complying with relevant laws and regulations, the Company also pays attention to changes in important domestic and foreign policies and laws, and plans immediate response measures to meet the company's operational needs. Therefore, changes in important domestic and foreign policies and laws do not have a significant impact on the Company's financial position and business performance.

We wish our shareholders

Independent Auditors' Report

To Ventec International Group Co., Ltd.,

Opinion

We have audited the accompanying consolidated financial statements of Ventec International Group Co., Ltd. (the “Company”) and its subsidiaries (collectively referred to as the “Group”), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing the Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. Personnel of our accounting firm who are required to comply with independence regulations have all maintained total independence from the Group, and also fulfill other responsibilities specified in the regulations. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter of the Group's consolidated financial statements for the year ended December 31, 2023 is stated as follows:

Authenticity of specific sales revenue

There was a significant change in the Group's specific sales revenue in 2023. Hence, the authenticity of specific sales revenue was included as a key audit matter.

Please refer to Note 4 of the consolidated financial statements for the Group's accounting policy for recognizing revenue.

We have carried out the following audit procedures to verify the authenticity of sales revenue from specific customers described above:

1. Understand and test the design of the internal control system and effectiveness of implementation for verifying the authenticity of sales revenue from specific customers.
2. Sample transaction documents for the sales revenue from specific customers, including purchase orders, shipping documents, and collection documents.
3. Sample payees and the collection situation of specific customers to verify the authenticity of sales revenue.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations endorsed and issued into effect by the FSC, and for maintaining internal controls necessary for the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is also responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Group's governance units (including Audit Committee) are responsible for supervising the financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We utilized our professional judgment and maintained professional skepticism during the audit according to the Standards on Auditing. We also performed the following tasks:

1. Identified and assessed the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. Designed and implemented suitable response measures for the risks that were assessed. Obtained sufficient and suitable audit evidence as the basis for the audit opinion. Since fraud may involve collusion, forgery, intentional omission, untrue statements, or overstepping internal controls, the risk of material misstatement from failing to detect fraud is higher than from error.
2. We gained necessary understanding of internal controls that are of concern to the audit to design audit procedures suitable for the situation. However, the purpose is not to express an opinion on the effectiveness of the Group's internal controls.
3. We evaluated the appropriateness of accounting policies adopted by management and the reasonableness of accounting estimates and related disclosures.
4. Based on the audit evidence we obtained, we reached a conclusion on the appropriateness of management using the going concern basis of accounting, and whether there is material uncertainty of events or circumstances that may be cause for major concern about the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusion is based on the audit evidence we obtained as of the audit report date. Nevertheless, future events and circumstances may still cause the Group to lose its ability to continue as a going concern.

5. We evaluated the overall presentation, structure, and contents of the consolidated financial statements (including related notes), and whether or not the consolidated financial statements fairly present related transactions and events.
6. We obtained sufficient and appropriate audit evidence regarding the financial information of entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the Group's audit. We remain solely responsible for our audit opinion.

Matters we communicated with the governance unit include the scope and time of the audit, as well as major findings in the audit (including significant deficiencies in internal control identified in the audit process).

We also provided the governance unit with a statement that personnel of our firm who are required to maintain independence according to the Code of Professional Ethics have maintained independence, and communicated all relationships and other matters (including related preventive measures) that may affect the independence of auditors with the governance unit.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2023 and are therefore the key audit matters. We describe the matters in the audit report, unless they are specific matters not permitted to be disclosed by the law, or in extremely rare circumstances, we decide not to communicate the specific matters in the audit report because the negative impact from the communication can be expected to be greater than the public benefit.

- (4) The principle of cumulative voting shall apply in any election of Directors pursuant to this Article. Each Member entitled to vote in such election shall have a number of votes equal to the product of (a) the number of votes conferred by such Member's Shares and (b) the number of Directors to be elected at the general meeting. Each Member may divide and distribute such Member's votes, as so calculated, among any one or more candidates for the directorships to be filled, or such Member may cast such Member's votes for a single candidate. When the number of Directors then in office falls below seven (7) due to any Director(s) vacating his office for any reason, the Company shall hold an election for such number of Directors at the next general meeting to fill the vacancy for the remainder of the term of such outgoing Director(s). When the number of Directors then in office falls short by one-third of the total number of Directors initially constituting the existing Board, the Company shall convene an extraordinary general meeting within sixty (60) days of the occurrence of that fact for the purposes of electing such number of Directors to fill the casual vacancy.
72. Subject to these Articles, a Director other than an Independent Director may hold any other office (except that of Auditor) or place of profit under the Company in conjunction

In circumstances where a Director breaches any of such duties and acts for his/her or other Person's interest, the Company may, with the sanction of an Ordinary Resolution, take all such actions and steps as may be appropriate and to the maximum extent legally permissible to seek to recover any and all earnings derived from such act as if such misconduct is done for the benefit of the Company.

75. To the extent permitted by the Law, the Company may pay, or agree to pay, a premium in respect of a contract insuring each of the following persons against risks determined by the directors, other than liability arising out of that person's negligence and/or dishonestly: an existing or former director (including alternate director), secretary or officer or Auditor of: the Company; a company which is a subsidiary of the Company; and a company in which the Company has or had an interest (whether direct or indirect).

Article 8

(Documentation of a shareholders meeting by audio or video)

This Corporation, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Where a shareholders meeting is held online, this Corporation shall keep records of shareholder registration, sign-in, check-in, questions raised, votes cast and results of votes counted by this Corporation, and continuously audio and video record, without interruption, the proceedings of the virtual meeting from beginning to end.

The information and audio and video recording in the preceding paragraph shall be properly kept by this Corporation during the entirety of its existence, and copies of the audio and video recording shall be provided to and kept by the party appointed to handle matters of the virtual meeting.

In case of a virtual shareholders meeting, this Corporation is advised to audio and video record the back-end operation interface of the virtual meeting platform.

Article 9

Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in, and the shares checked in on the virtual meeting platform, plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time and disclose information concerning the number of nonvoting shares and number of shares represented by shareholders attending the meeting.

However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned. In the event of a virtual shareholders meeting, this Corporation shall also declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within one month. In the event of a virtual shareholders meeting, shareholders intending to attend the meeting online shall re-register to this Corporation in accordance with Article 6.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

Article 10

(Discussion of proposals)

If a shareholder meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. Votes shall be cast on each separate proposal in the agenda (including extraordinary motions and amendments to the original proposals set out in the agenda). The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the board of directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the board of directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed and call for a vote, and schedule sufficient time for voting.

Article 11

(Shareholder speech)

Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor; the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholder meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

Where a virtual shareholders meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until

the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

As long as questions so raised in accordance with the preceding paragraph are not in violation of the regulations or beyond the scope of a proposal, it is advisable the questions be disclosed to the public at the virtual meeting platform.

Article 12

(Calculation of voting shares and recusal system)

Voting at a shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of shareholders meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of this Corporation, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3 percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company Act.

When this Corporation holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that this Corporation avoid the submission of extraordinary motions and amendments to original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to this Corporation before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person or online, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to this Corporation, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in this Corporation's articles of incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of this Corporation.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When this Corporation convenes a virtual shareholders meeting, after the chair declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends or will be deemed abstained from voting.

In the event of a virtual shareholders meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When this Corporation convenes a hybrid shareholders meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders meeting in person, they shall revoke their registration two days before the shareholders meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

Article 14

(Election of directors and supervisors)

The election of directors or supervisors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by this Corporation, and the voting results shall be announced on-site immediately, including the names of those elected as directors and supervisors and the numbers of votes with which they were elected and the list of the unsuccessful directors and the number of votes obtained.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15

Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

This Corporation may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors or supervisors. The minutes shall be retained for the duration of the existence of this Corporation.

Where a virtual shareholders meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual-only shareholder meeting, other than compliance with the requirements in the preceding paragraph, this Corporation shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders meeting online

Article 16

(Public disclosure)

On the day of a shareholders meeting, this Corporation shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means, and shall make an express disclosure of the same at the place of the shareholders meeting. In the event a virtual shareholders meeting, this Corporation shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

During this Corporation's virtual shareholders meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting and a new tally of votes is released during the meeting.

If matters put to a resolution at a shareholders meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation (or Taipei Exchange Market) regulations, this Corporation shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17

(Maintaining order at the meeting place)

Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.

The chair may direct the proctors or security personnel to help maintain order at the meeting place.

When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

At the place of a shareholders meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by this Corporation, the chair may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18

(Recess and resumption of a shareholders meeting)

When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders meeting to defer or resume the meeting within 5 days in accordance with Article 182 of the Company Act.

Article 19

(Disclosure of information at virtual meetings)

In the event of a virtual shareholders meeting, this Corporation shall disclose real-time results of votes and election immediately after the end of the voting session on the virtual meeting platform according to the regulations, and this disclosure shall continue at least 15 minutes after the chair has announced the meeting adjourned.

Article 20

(Location of the chair and secretary of virtual-only shareholders meeting)

When this Corporation convenes a virtual-only shareholders meeting, both the chair and secretary shall be in the same location, and the chair shall declare the address of their location when the meeting is called to order.

Article 21

(Handling of disconnection)

In the event of a virtual shareholders meeting, this Corporation may offer a simple connection test to shareholders prior to the meeting, and provide relevant real-time services before and during the meeting to help resolve communication technical issues.

In the event of a virtual shareholders meeting, when declaring the meeting open, the chair shall also declare, unless under a circumstance where a meeting is not required to be postponed to or resumed at another time under Article 44-20, paragraph 4 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events before the chair has announced the meeting adjourned, and the obstruction continues for more than 30 minutes, the

meeting shall be postponed to or resumed on another date within five days, in which case Article 182 of the Company Act shall not apply.

For a meeting to be postponed or resumed as described in the preceding paragraph, shareholders who have not registered to participate in the affected shareholders meeting online shall not attend the postponed or resumed session.

For a meeting to be postponed or resumed under the second paragraph, the number of shares represented by, and voting rights and election rights exercised by the shareholders who have registered to participate in the affected shareholders meeting and have successfully signed in the meeting, but do not attend the postpone or resumed session, at the affected shareholders meeting, shall be counted towards the total number of shares, number of voting rights and number of election rights represented at the postponed or resumed session.

During a postponed or resumed session of a shareholders meeting held under the second paragraph, no further discussion or resolution is required for proposals for which votes have been cast and counted and results have been announced, or list of elected directors and supervisors.

When this Corporation convenes a hybrid shareholders meeting, and the virtual meeting cannot continue as described in second paragraph, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders meeting online, still meets the minimum legal requirement for a shareholder meeting, then the shareholders meeting shall continue, and not postponement or resumption thereof under the second paragraph is required.

Under the circumstances where a meeting should continue as in the preceding paragraph, the shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, provided these shareholders shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders meeting.
