SDS Safety Data Sheet

一、 Chemical Product & Company information Version of the time: 3.0

Product name: PP FiLm

Company name: YI ZHENG BING XIN ELECTRONCS CO., LTD

Address: Industrial park of MAJI town, YIZHENG ,Yangzhou city.

Telephone: 0512-55192039

Fax: 0512-55102239

E-mail:bingxindianzi.2007@163.com

二、 Hazards identification;

No inhalation or skin damage in their diet.

This product under the condition of normal use without health damage

Incorrect use may result in product performance

三、 Composition/Information on ingredients;

Main ingredients: Polypropylene (95%) Polyethylene (5%)

CAS No : 9003-07-0 9002-88-4

Appearance and properties: Solid color

main uses: PCB Industry partition

四、 First-aid Measures;

If eye exposure : no

If Skin exposure: no

Technical specification number: ZJBY-MSDS-01

effective date: November 18, 2024

authorized strength: Liu Yanmei

set a date: November 18, 2024

judgement:

Version of the time: 3.0 Page1 , a total of 4 pages

If inhalation: no

If ingestion: no

五、 Fire Fighting Measures;

Extinguishing agent: Carbon dioxide dry powder alcohol-resistance foam water spray
drysand

Unsuitable extinguishing agent: Water injection

Special fire-fighting methods: No information available

Respiratory protection: Under the condition of normal use without respiratory protection

Feed into the protective: Under the condition of normal use, need not eat protection

六、 Accidental Release Measures:

No leak

七、 Combustion and fire: Handling and Storage

Combustion characteristic: the point of ignition

Flash: no

Explosion limit: no

Lower explosive limit: no

method of extinguishing: Wear protective clothing when fire, and with an oxygen mask, use
dry carbon dioxide fire extinguisher.

八、 Handling and storage:

Under normal temperature, no sunlight

九、 Physical and Chemical Properties:

Technical specification number: ZJBY-MSDS-01

effective date: November 18, 2024

authorized strength: Liu Yanwei

set a date: November 18, 2024

judgement:

Version of the time: 3.0 Page1 , a total of 4 pages

Status: solid

Bouquet: no

Ignition temperature: 260 °C

Melting point: 220 °C

Specific gravity: no

十、Stability and Reactivity:

Stability: stable

Avoid contact with conditions: fire

Hazardous polymerization: no

Burning or breakdown products: carbon monoxide and carbon dioxide

十一、Toxicological in Formation:

acute toxicity: no

thrill: Without excitant, avoid direct contact with eyes

十二、Ecological Information:

Is solid waste pollution to the environment, non-biodegradable

十三、Waste disposal:

Refer to the national and local laws and regulations

十四、Transport Information:

This product is in transit to avoid extrusion collision, avoid high temperature and wet in the

Technical specification number: ZJBY-MSDS-01

effective date: November 18, 2024

authorized strength: Liu Yanmei

set a date: November 18, 2024

judgement:
